

Model evaluation

The questionnaire consists of several sections. The first part consists of a question regarding the declaration of consent and a question to which group of experts you belong. Then, questions concerning the conceptual model will follow. After the main sections there is an opportunity to provide additional feedback.

** Indicates required question*

1. Declaration of consent *

Check all that apply.

☐ I have read and understood the information about the content of the study, the data protection information and the introduction to the topic that was provided to me as part of email communication and I would now like to take part in the survey.

This section is about generic qualities of our model

4. How easy is it for you to navigate the model? *

Mark only one oval.

very difficult

1 ☐

2 ☐

3 ☐

4 ☐

5 ☐

very easy

5. How much time did you need to understand what the model represents? *

Mark only one oval.

- ☐ less than 10 minutes
- ☐ 10 to 20 minutes
- ☐ longer than 20 minutes

[Skip to question 6](#)

This section is about how you interact with our model

6. Please match the different definitions to the correct concept. *

Mark only one oval per row.

	Objective	Strategy	Rule	Desired result
Applies to a desired result or course of action and has consequences	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
What should happen	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A long-term action	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A quantifiable desired outcome	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

7. What is the main vision of the policy? *

8. What is the maximum number of special reserve allowances that can be allocated to an aircraft operator under paragraph 3f(1)(b)? *

9. Which article in the policy presents the guidelines for allocating of auctioned allowances more concretely? *

10. Who issues the allocated allowances? *

[Skip to question 11](#)

This section is about the usefulness of our model.

11. How can this knowledge be helpful in your line of work, if you think it can? *

12. What can you learn about EU ETS Directive targeted at the aviation sector from this model? *

13. What else could the model include or show to be more useful in your line of work?

[Skip to question 22](#)

This section is about generic qualities of our model

14. How easy is it for you to navigate the model? *

Mark only one oval.

very difficult
